Why Collabion Charts for SharePoint?

1. **Simple to use**
2. **Extremely useful options like data filtering, support for several data points**
3. **Smooth animations that add a professional touch to data visualization**

The Collabion Charts for SharePoint experience

TraQit – a comprehensive document management system that complies with the Electricity at Work Regulations 1989 and enables duty holders to store, access, manage, consolidate and share information with stakeholders. Visualizing customer data on numerous aspects, it makes accessing information easy.

Moving away from a simple 2D pie chart to Collabion Charts for SharePoint and its highly customizable 3D bar charts has enhanced the customer portal experience manifold. Instant information at a glance and reporting totals professionally have never been this easy.

About Collabion Charts for SharePoint

Collabion Charts for SharePoint provides a quick and easy way to create insightful dashboards in SharePoint®, without the need for MOSS or Excel Services. It works with WSS 3.0, MOSS 2007 and all editions of SharePoint Server 2010, including Foundation server.

Collabion Charts for SharePoint can be installed and used to create your first dashboard in less than 15 minutes. It has a wizard-based installation and chart creation process, which means you never need to write a single line of code. The charts are animated, interactive and are sure to "wow" your users.

Collabion Charts for SharePoint is powered by **FusionCharts**, the industry's leading enterprise-grade charting solutions organization with 21,000 customers and 450,000 users in 118 countries, including over 80% of Fortune 500 companies.
